Jared Meyer

RE: PUBLIC RECORDS REQUEST of July 13, 2026., Reference # F145909-071726.

Dear Jared Meyer,

This correspondence is in response to the Freedom of Information Act ("FOIA") request received by the City of Chicago Office of the City Clerk on July 13, 2026. You requested:

"Dear FOIA Officer, Under the Illinois Freedom of Information Act (5 ILCS 140), I request copies of the following City Council records held by the Office of the City Clerk, including records of the Committee on Pedestrian and Traffic Safety and the Committee on Transportation and Public Way. Where a record exists in an electronic format, I request it in its native, machine-readable format (e.g., Excel .xlsx, .csv, or the original file) where applicable, and otherwise electronically (PDF is acceptable for narrative documents), delivered by email. 1. Committee presentations and exhibits reporting bikeway mileage. Any presentations, slide decks, handouts, exhibits, staff reports, or supporting documents submitted to or presented before the Committee on Pedestrian and Traffic Safety or the Committee on Transportation and Public Way, from January 1, 2015 to the present, that report the miles of bicycle infrastructure installed, upgraded, or existing in Chicago — including figures broken out by facility type (protected bike lane, buffered bike lane, conventional/painted bike lane, neighborhood greenway, marked shared lane/sharrow, off-street trail). 2. Annual and periodic bikeway/Complete Streets reports transmitted to Council. Any annual reports, progress reports, or informational reports from the Chicago Department of Transportation (CDOT) regarding the bikeways program, cycling strategy, or Complete Streets program that were transmitted to, filed with, or presented to the City Council or its committees during the same period, in their original file format. 3. Meeting records reflecting the above. Committee meeting minutes, transcripts, agendas, and journals of proceedings referencing bicycle-lane or bikeway mileage or bikeway installation totals, for the same period, sufficient to identify the source and date of each mileage figure reported to Council."

1. The Office of the City Clerk has no responsive documents, as it is not the Office that maintains these records. Please note that each City department is a separate "public body" under Section 2 of FOIA. 5 ILCS 140/2(a); *Duncan Publishing, Inc. v. City of Chicago*, 304 Ill. App. 3d 778, 784 (1st Dist. 1999) ("Clearly, each of the individual departments are subsidiary bodies of the City and are

‘public bodies’ as defined by the FOIA.”). A FOIA request must be directed to the Department that maintains the records you seek.

2. All reports related to "Complete Streets" can be found using our Electronic Legislation Management System. You can also search by "bike lanes" etc. If you go into the filter section and select "search within attachments" you will get a more complete search: <https://chicityclerkelms.chicago.gov/>.

3. The Office of the City Clerk does not maintain Committee minutes. Our Journal of Proceedings are kept here: <https://www.chicityclerk.com/legislation-records/journals-and-reports/journals-proceedings>. They are text searchable.

- The availability of these records online satisfies the public disclosure requirement of FOIA.

You have the right to have a denial reviewed by the Public Access Counselor (PAC) at the Office of the Illinois Attorney General, 500 S. 2nd Street, Springfield, Illinois 62701, (877) 299-3642. You may also seek judicial review of a denial under 5 ILCS 140/11 of FOIA.

If you have any questions or need additional information, please feel free to contact my office at clerkfoia@cityofchicago.org.

Sincerely,

Lori Probasco

Office of the City Clerk
